

# Unity School Newsletter

September  
2017

580 N. Garden Way ♦ Euaene. OR 97401

Ph: (541) 484-0107 Fax: (541) 484-6944

**Welcome Unity families to the new school year!**

**This newsletter is to introduce all of the staff here at Unity, and to give you a couple of informative items to think about.**

**In the future the newsletter will be out around the first of each month until June, and it will give you information and fun things that will be or are happening in each of the classrooms.**

**It will also have notes from the office staff and a monthly calendar. I hope you enjoy reading them throughout the year.**

Dear Unity friends,

Welcome to a new year at Unity School! This is my 32nd fall at Unity, and I'm so proud of our programs and of our team! Every one of our staff, whether in the classroom or kitchen or office, is an important part of Unity School. We want you to get to know them all, so you'll find notes from each of them inside this back-to-school edition of our newsletter.

My own role at Unity has changed over the years. I work quarter time now, and my focus is on special projects - like planning for our Caterpillar classroom remodel this year - and mentoring our lead staff - the Program Directors and our Office Manager.

This summer we applied to raise our status to 5 ★★★★★ in the SPARK Quality Rating Improvement Scale. SPARK is a system to help Oregon's programs for young children improve, document the quality of their programs, and be awarded stars to recognize that quality (3,4 or 5 stars). We were awarded 4 stars in 2015 and we are excited to further demonstrate the quality of our program - we'll keep you posted!

I've been working in the administration of programs for children for over 40 years. After earning my degree in Child Development from Iowa State University I worked in infant care, protective service child care, and as Director of a large Head Start program before moving to Oregon and becoming Director of Unity School in 1986.

I love the outdoors. I love to hike, canoe and travel with my pop-up camper. Now that I am working less I'm in my garden a lot, and getting out camping and traveling. This October I'm off to the Southwest for some camping and hiking in those great national parks!

Have a GREAT year at Unity School.

Carol Barton

Executive Director

Unity families,

First off, I would like to welcome all of our new and returning families back to Unity School for a great new year ahead.

My name is Susanne Hodson and I am one of the Program Directors at Unity. October will mark my 24<sup>th</sup> year at Unity School and my 7<sup>th</sup> year as one of the Program Directors. I have enjoyed everyday working with such wonderful staff and families.

On a personal note I have a wonderful husband of 25 years along with three children Taylor, Zachary, and Megan. Taylor joined the Navy and is stationed in Washington State. We are lucky to have him so close to home. Zachary is currently staying busy working long hrs. But, if he had his way he would be

fishing all day. Megan will be in high school this year and is excited to be attending Sheldon. They all are growing up to fast! When we have extra time we enjoy Camping at the beach, Bowling, and my all time favorite BINGO!!!

I look forward to the new school year ahead please stop by our office any time you have questions or just want to say "HI"!

Susanne H

Welcome to the new school year! I am excited to meet all the new families that are joining us along with getting to know the current ones better. I am one of the Program Directors and have been co-directing with Susanne for almost 2 years now. In the 11 years that I have worked here, I have worn many different shoes. From my first year assisting in the 3 year old classroom and washing dishes to teaching a full day Kindergarten and leading the before and after school group. It's been exciting to learn first hand all the different jobs it takes to run a quality pre-school program and to care for your children.

When I am not in the office Susanne and I share, you will probably find me in the garden or out front pulling weeds, or pruning and caring for our landscape. In my free time I enjoy gardening, vegetarian cooking, riding my bicycle (I commute to work year round- 6 miles one way!) and spending time with my family.

Please don't hesitate to stop by our office to ask questions or address any concerns or just to say hi.

Take care,  
Jessica Graham

Hello everyone,

Most of you know me by now and if you don't we will get to know each other soon. I am the Virginia; I sit in the front office most of the time greeting the children, parents and visitors. I am also the one who you will deal with the most besides the teachers, so I will let you know a little about me.

I have lived in the Eugene/Springfield area for 35 years, I am married to a very sweet man (Randy), I have a total of 7 children (3 my own, 2 my husbands & a niece & nephew), I have two dogs (both Lab mix) and I live in the country.

I worked at Unity School in 1981 as an assistant cook and came back in 2012 to be the Office Manager. I love working with all of the staff, the parents are great and I love the kids. They all make for a wonderful work environment, which makes it easy to come to work every day.

So, please if you have not met me yet stop to say "HI".

Virainia

## PANDA TEACHERS

Hi my name is Cherri Rose and I am the morning Panda teacher. I have been working at Unity for 11 years. I have worked in every classroom at one point or another and even drive the bus occasionally. The Pandas are my favorite age, they grow and change so much from 2 to 3!

I have lived my whole life here in Eugene/Springfield. I have been married to my husband John for 26 years and we have 3 girls. The youngest is 14, Allisyn a freshmen at Springfield High School, Ashley just graduated last June from Springfield High School and our oldest Rose is married with 2 kids and now lives in Denver, CO. with her husband. We also have 2 dogs and 3 cats.

When I am not at work I spend my time getting Allisyn back and forth to dance, doing outside activities like walking, hiking and camping. We also like to play games and just hang out with the family. I also like to read.

I'm looking forward to meeting all the new Pandas and their families,

Cherri

Hello Unity Families,

My name is Celia Todd, and I am the afternoon Teacher in the Panda (2 year old) classroom. I have been at Unity School for 5 years this October, almost exclusively as a Panda teacher.

When I started at Unity in 2012, I was finishing my Associate degree in Early Childhood Education at Lane Community College. I was a co-op student in the Panda Room, and shortly after I started I became an official staff member.

I have one daughter, Penelope who also attends Unity in the before and after school program (Otter Room) as a first grader! Penelope has attended Unity since she was a Panda, so I have had the pleasure of being both a Unity staff member and a Unity parents for the past 5 years. I whole-heartedly enjoy both aspects! It's really a fun perspective to see both sides of the childcare world.

Most of my free time is spent with Penelope. We enjoy reading together, finding fun places to take walks, and working on art and baking projects together.

I am looking forward to the up coming school year and getting to know all of you and your children.

Celia Todd

Hi, my name is Briana Gutierrez and I am the teaching assistant in the Panda room. I have been working at Unity for a year now, and I love being a part of this school!

I am currently attending the University of Oregon, majoring in Romance Languages. I moved to Eugene with my twin sister, Felicia and we are very happy here. When I am not at work I enjoy jogging and relaxing with friends.

I look forward to meeting you all,  
Briana

## CATERPILLAR TEACHERS

Hello everyone! My name is Jessica Girts and I am the morning teacher here in the Caterpillar classroom. I am very excited to meet all the new families joining our classroom this year and want to welcome back the families that I have met before.

This will be my fourth year teaching here at Unity School. After graduating with a degree in Early Childhood Education, I did my internship here. I fell in love with Unity and decided to stay! I have been working in the childcare field for over 10 years as a part of a community parent education program sponsored by LCC, and look forward to continuing working in this field for many years to come. I have lived in various parts of Oregon my whole life. I really love the Eugene/Springfield area and just always end up coming back! In my free time I enjoy reading, and some of my favorite authors are John Steinbeck and Neil Gaiman. I also love singing musical theater, opera, and spending time with my family and friends.

I look forward to meeting you,  
Jessica

Hi everyone! My name is Melissa Mustoe and I am the afternoon teacher in the Caterpillar classroom. I am excited to say that this will be my second year teaching here at Unity. I have very quickly come to love the families and teachers that make up Unity and am thankful that I can

call Unity another home. One thing you'll notice about me is that I have pink hair and that I love the color pink! Some of my favorite things I like to do on my off time is ride horses, go hiking and camping! I'm very excited for the adventures and learning this year will bring.

Melissa

Hi, my name is Mandolin Bales. I moved to Eugene nine years ago from Lovelock, Nevada. This is my 4<sup>th</sup> year working at Unity School.

I first discovered my passion for working with children during middle school, when I did a child

school shadow program at our local preschool. This is when I knew I wanted to be a teacher.

I obtained my Associates of Applied Science degree in Early childhood Education and am currently taking college classes to get my Bachelor's degree in Communication Studies.

In my down time I love attending Comic Cons and dress up as a Cosplay character. I love reading and going to movies and concerts. I also am a HUGE Disney fan.

I look forward to another great year, and can't wait to get to know all my students and their families better,

Mandolin

## LADYBUG TEACHERS

Hello friends,

My name is Dorothy and I have been teaching preschool for 15 years (12 of them here at Unity)! I earned my Associate degree in Early Childhood Education in June of 2007, completed two years of Elementary Education courses and I add to my training portfolio every year. I have been a Ladybug teacher for more than six years and love the combined age group. We are able to explore everything

from their first handwriting all the way to early reading!

I got married to a wonderful man named Jeff, on August 22, 2015 and we enjoy working on projects for the school, our house and our church. My daughter, Amber, is a graduate of Unity's program, sometimes she comes in for a brief visit and loves spending time with all the kids. She is in middle school and loves playing sports and the flute. We all enjoy reading books, making crafts and spending time outdoors.

I hope this is a wonderful school year, with new adventures and memories to last a lifetime. Thank you for sharing your cherished children with us and for being wonderful families. Unity is a special community and we wouldn't be the same with out you!

Dorothy

Hello Unity parents my name is Jessica Vasquez and I am the afternoon teacher for the Ladybug classroom. I have been a teacher for a little over a year now and I enjoy every minute of it. I am a student at Lane Community College and I am finishing up my degree in Early Childhood Education. I noticed my passion for teaching children from an early age. I love the fact that I am able to make a difference in a child's life even if it is for a few moments every day.

I have lived here in Eugene with my family for nearly four years now and enjoy it so much. I moved

from Southern California, even though I miss the beautiful beach and the nightly bonfires, I am in love with the lush green scenery and rainy weather of Oregon.

A few of my hobbies include spending time with my beagle puppy and all too often partaking in games of mini golf and cosmic bowling. I sometimes feel like a big kid at heart myself.

I enjoy what I do for a living and wouldn't trade it for anything. I look forward to an amazing upcoming year with the new incoming Ladybugs. I cannot wait to see what great things these little ones create. Here is to a great school year.

Jessica

Hello Unity Families,

My name is Brittney Nawalaniec, I'm 21-year-old and I'm the new Assistant Teacher in the Ladybug classroom! I started here in April when I was a student at Lane Community College in the Early Childhood Education program. I was an intern in the Sea Turtle and Butterfly classes until I graduated in June with my Associate degree in Early Childhood Education. After I graduated, I was hired on as a substitute teacher and I have been subbing these past few summer months. For this upcoming school year, I will have a more permanent position as the Assistant Teacher in the Ladybugs and I'm very excited!

I've been around children my whole life, since I have seven younger sisters and brothers. They are all my half siblings but I was raised to not think of them that way. My mom has been a single mother to six of us (myself included) and I had to mature at a young age to help take care of my siblings. I'm very close to my mom's five children and occasionally see my dad's two children. When I was in middle school, I used to play "school" with my siblings, myself always being the teacher. I never really thought about a career as a teacher until I was in high school. All four years of high school, I was an intern at the child development center that was on campus. It was there that I decided that I really love working with young children, but I wasn't ready for college after I graduated from high school in 2014. So, I took a year off after school and worked at Safeway in the bakery department, until I heard about the Early Childhood Education program at LCC. I was lucky enough to have a supportive family and quit working so I could focus all my energy into school. I finished in two years, was the Early Childhood Betty Gray Scholarship recipient and ended my college career with a 3.8 cumulative GPA. Outside of being a preschool teacher, right now my boyfriend and I are saving to buy our first home next year. We were both born in Springfield and still live here but we are open to buying a house in Eugene. I enjoy traveling, photography, watching movies and taking care of our three cats and bunny.

I look forward to meeting you all, and working with you children over the next year!

Brittney

## BUTTERFLY TEACHERS

Hello Families! Welcome to the Butterfly classroom! My name is Pam Rossetter, but everyone calls me Pammie. I have been teaching preschool for over 35 years now, the past 11, right here at Unity School!

I have been married to my wonderful husband Doug for almost 15 years now! Doug is a Special Education Teacher in Springfield, at Hamlin Middle School.

We live in Eugene, have 5 chickens, and 29 cats! Don't Worry.... most of them are a feral community we have rescued.... they do NOT live in our house! Doug and I also have our own small business that we enjoy doing on the side (Essential Oils)!

Teaching young children is my first passion in life. I also truly love children's literature! I take care of our Unity Library as well as doing the Scholastic Reading Club here! Every month, you will find new flyers in your mailboxes!! Reading with and to children is a big deal for me; in fact, Doug and I have our own registered little free library in our yard.

I truly look forward to spending this year with your children and getting to know each of you and your families. Again, welcome to our Butterfly Family.... We are so glad you are here!!!

Hugs and Smiles,  
Pammie

My name is Michelle Naggjar and I have been teaching for 7 years, all of them here at Unity. I am the afternoon teacher in the Butterfly room. Before Unity I worked at Hynix Semiconductor for 10 years. I am a single mom of two kids and two cats. My family and I love going to the beach, going to concerts and movies. I am also a senior at Eastern Oregon University and will hopefully soon acquire my Bachelor degree. I am studying history but I have a love of science and literature and enjoy bringing those passions into the classroom and sharing them with your children. I look forward to a great year with the Butterflies.

Michelle Naggjar

As a child I was blessed with many caring adults and teachers who taught and guided me throughout my childhood. I decided to go into the field of education to continue with their tradition. I have a Bachelor's Degree in Educational Studies and a Special Education minor from the University of Oregon. I have also worked as an early childhood teacher since 2009. Early childhood education is very important to me and I have pursued this line of work because when done correctly one can set a child up for a successful start in life.

I have lived in the state of Oregon all my life. I enjoy all kinds of arts and crafts, playing the piano and singing. Currently I am having fun creating a bullet journal, photo album for my brother in law, a me in my vocal warm ups. ARH-WOOOOO. You can often find me at local races supporting my husband in his athletic endeavors. I try to be silly and playful whenever I can. My favorite activities to do with students include looking for Bigfoot, building fairy gardens and assisting students to create their ideas!

Kelly

## SEA TURTLE & OTTER TEACHERS

Hi,

I'm Kristin! I started as the Otter teacher in May of 2017. I'm happy to be continuing this school year as the Otter teacher, as well as starting a new adventure with the Sea Turtles in the mornings. I worked at Unity Previously from 2006-2008, and have loved being a part of this wonderful school again.

My husband Daniel and I have two daughters, Matilda is 5 and Scarlett is 2. We enjoy being outdoors and exploring new places with our kids. When I get a quiet moment I enjoy reading & taking photos of nature.

I look forward to working with all of your children and getting to know you.

Thanks

Kristin

I'm Sarah; I work with Kristin in the Otter class. In September I'll have been with this group for four years. We enjoy a variety of non- school day field trips like going to the park, hiking and trips to the library with special activities for the children to enjoy.

I'm happy to be part of the Unity team where there's so much talent and creativity spread out over the different age groups. Last year I got to work with the Butterflies in the mornings, and I look forward to it again this year. I like to see the progress they make as the year goes on, like maneuvering the playground, writing their name, and so much more.

I've been working with children since 1995 and have met many wonderful children and families. There've been times when I've known children from infancy all the way into the third grade; how great to see that much growth and change!

After high school I completed a home study course in Child Development through

## SUPPORT TEACHERS

I can't believe that it is September again. It just seems like we started the summer program last week. Oh how time flies. For those who don't know me my name is Polly and I've been at Unity for over 25 years. Boy, I have seen changes at Unity. I've seen it through all the different improvement from the Otter room to the new offices to the Butterfly room to the new kitchen and the Ladybug room and now to the new Caterpillar room. All of them are a great asset to the Unity team. When I am not at school I love to do a lot of different things. I am passionate about gardening. Just two summers ago I built two new raised beds in my backyard. The veggies just love it. In fact so much so that my tomatoes are out of control. I love to read and I love to travel. Just two years ago my father and I took a wonderful trip to Japan. The people were all very friendly and the food was outstanding. I'm looking forward to October when my father, my aunt, my aunt's wife, and I are going on a three-masted ship in the Mediterranean. We start off in Nice, France and sail to the small island of Elba off the coast of Italy, and then we sail to Corsica and then on to Sardinia. After that we sail to the island of Menorca and on to Spain. Then it is a hop skip and jump to Cerecet, France and then finally on to Marseille and then the sad reality back to home. I'm looking forward to the warm sea and the great company. I look forward to meeting all of the new Families and all the new kids.

Here's to a great year,  
Polly

I've worked at Unity School for many years and i can truly say it is my favorite thing to do! Here we explore the garden, plants and teach the children how to work together while creating a beautiful environment for food, flowers and friends.

My husband and I love to rock hunt, go to local concerts of all kinds. We love to see and hear music at the outdoor Cuthbert Theater. We participate in major events to feed hundreds of people; like the Oregon Country Fair and homeless shelters during the holidays. One of my favorite hobbies is sewing and my favorite sport is swimming.

When my daughter had Annabella and enrolled her into Unity I thought this was my chance to see my granddaughter evolve into a great, fair, gracious, fun kid who will be attending kindergarten this fall.

While teaching I get to do everything I want to do like gardening and teaching the children how to demonstrate a peaceful conflict resolution with calm, kind, thoughtful approaches

I am looking forward to meeting,  
Dawn Sewell

## SUBSTITUTE TEACHERS

Hello my name is Lindsey and I have been a substitute teacher here at Unity for 3 1/2 years. I graduated from Lane Community College with an AA in Early Childhood Education, and I have been teaching preschool since 2006.

I was born and raised here in Eugene, Oregon. I did though move to Orlando, Florida 6 years ago, while I was there I worked in childcare but I also worked at Disney World. Now I have been back for 4 years. I have one sister and am an aunt to two nephews who are 6 and 2 1/2 years old. My hobbies are traveling, being outdoors and spending time with my friends and family. I have an 11-year-old Beagle, named peanut, which I have had for 8 years. I am looking forward to getting to know all the new kids this school year and saying hi to all of the older ones.

See you soon, Lindsey

My name is Ylva (pronounced ILL-vah) Hernlund and I have been working for the last year as a substitute teacher, so I have a chance to spend time in all the classrooms. I moved back to Eugene last year after 23 years in Seattle--went to the U of O back in the 80s and even worked briefly at Unity (which was a lot smaller then!). I am originally from Sweden, have a background in anthropology and used to work in West Africa. In recent years I have returned to working with kids, which was always my second love. I have an adult daughter, Maya, and a young grandson, Irie, and a rescue pitbull named Fubu. I love books, movies, cooking, hiking, yoga, and hanging out with friends and family.

Ylva

I grew up the youngest daughter of US State Department Foreign Service Officers so questions like 'where are you from?' and 'where did you grow up?' become very complicated. By the time I graduated from the American International School in Israel I had lived in five countries (not including the country of my birth- the US) and visited several others. About five years later, upon completion of my BA from Seattle University, another country was added to the 'lived' column and a few more to the 'visited'. By this point in my life travelling and moving had almost become second nature and I took my first real job on St. Thomas in the US Virgin Islands. This move effectively ended the chapter in my life of moving internationally when in September of 1998 I met my husband in Washington, DC. We were married February of 1999. We almost immediately moved to the Seattle area where I secured a job at a small alternative elementary school in Krikland, Washington, which I maintained until the birth of our second child. By the time our third, and final, child arrived in March of 2002 I had settled into being a full time stay at home mom. I maintain a philosophy that life is a series of opportunities to keep learning so when our three reached preschool age we enrolled

our children into Wapato Cooperative Preschool where I was able to not only be involved in my own children's education but also a place where I could volunteer and work. It was continuing education, with the incentive of extended family, which brought us to Eugene. We now have seven years of root growing here in Eugene; and the travelling bug has now been assumed by my children (a high school Sophomore, Junior, and Senior) as they make their respective plans to travel.

~Adria Odom

## GARDEN TEACHER

Salutations Unity Families,

Nicolae West here. This is my first year as the Garden Teacher. I spent the summer as Garden Assistant familiarizing myself with the school and preparing for an exciting year to come.

Before, I worked as a lead instructor at an environmental education center in Portland teaching wilderness living skills to ages 5-16. I first began working with children after my first of 3 little brothers was born, at age 6 my mother ran an at home daycare.

As a teen, my grandmother taught me all she knows as an organic gardener in Oklahoma. As a young adult, I worked as a traveling farm hand to further my studies of sustainable horticultural practices and permaculture design, in Kansas, Colorado, Hawaii, California, and Peru, finally settling in Oregon once I became a mother of a brilliant daughter whom is starting 1<sup>st</sup> grade this year! In our free time we care for our farm, 3 bunnies, 5 frogs, 3 snakes, and a wolf-mutt. We spend as much time as we can in the forests, next to the rivers & foraging for wild edible, medicinal plants and fungi.

Teaching children gardening is my passion and it is an honor to be here with the Unity School family.

I look forward to meeting everyone and wishing you all the best,

Nicolae

## COOK

Hi,

I'm Terri Atwell. I have been at Unity for five years, and have been the cook for the last three. I love to use things I find in nature to create treasures. I also love to write stories. This last year I published my first novel called LesVamp Blood is a Precious Thing. If you would like to here more about it or where to get it, come and talk to me in the kitchen.

Terri

## JANITOR

Hello everyone,

I am Ryan Carlos from Eugene, and I am currently working as the school's Janitor/Maintenance

person. I also work as a mechanic in an auto dealership in Eugene, and I still enjoy my job here. When I am not working I like to visit places with my lovely wife, and together we both enjoy hiking and other outdoor activities. I have been thankful to be a part of the Unity School team; everyone is so helpful and understanding. The love, joy and care found here are never ending, and it has been my pleasure to work with everyone here.

Thank you and Welcome,

Duan

## REMINDERS FROM THE OFFICE

Hello Unity Families,

I want to let parents know, to keep an eye open for all of the fundraisers each class participates in for our community. The kids get so excited when parents participate, then again when it is time to donate the items to their organization

With the new school year here, I thought it would be a good time to share our policies about signing your child out and late payments:

- **Sign your child in and out each day.** It is an important record of who is here. This is required by law and is also used in billing and reports for the government. We also use the attendance sheet as a reference during fire drills and other emergencies to account for children at school.
- **Schedule changes must be turned in to the office by the 25th of the month to change your tuition for the following month. If this is not done I can charge for your normal monthly usage, so please get them into me before I make your child's invoice.** The same deadline applies if you are withdrawing your child from Unity; notification is required by the 25th to exempt you from the coming month's tuition. No adjustments or refunds are made for unused hours without this prior notice. (This includes illness, holidays and weather closings.)
- **Tuition must be paid in advance, due by the 5th of each month and overuse fee are due by the 15<sup>th</sup>.** (If you have unusual circumstances you can arrange for an alternate payment date. Arrangements must be made with the office in advance of the due date.) Due dates for all charges are printed on your bill and posted in the lobby. A late fee of \$5.00 will be charged for each school day the payment is late, and care will not be provided if payment is not received by the 15th. Fees are assessed as long as your account has an unpaid balance. Accounts more than 30 days overdue are charged interest at the rate of 10% per year and are assigned to a collection agency when 60 days have elapsed since the due date. A fee of \$25 will be charged for each returned check.
- I also want to remind parents you have several ways to pay for tuition now:
  - a) Check
  - b) Cash
  - c) Credit/Debit card
  - d) Automatically out of your checking account
  - e) Automatically paid by your Credit/Debit card(If you would like to sign up for the automatic payment, please talk to Virginia for the paper work to fill out to start this.)

- If your child is not going to attend school on a regularly planned school day please call the office and let us know. We do a head count for activities and meal planning so this information is important.
- Do not bring your child to school when s/he has a fever of 100° or higher, vomiting, diarrhea, sore throat, a bad cold (especially non-clear nasal discharge), or is very irritable. If your child is not up to participating in normal activities, including outside time, he/she will do better at home. Children have a very difficult time handling a group situation when they do not feel well.

**Children who have been ill may return when:**

- They are free of fever, vomiting and diarrhea for 24 hours.
- They have been treated with an antibiotic for 24 hours.
- They are able to participate comfortably in all usual activities.

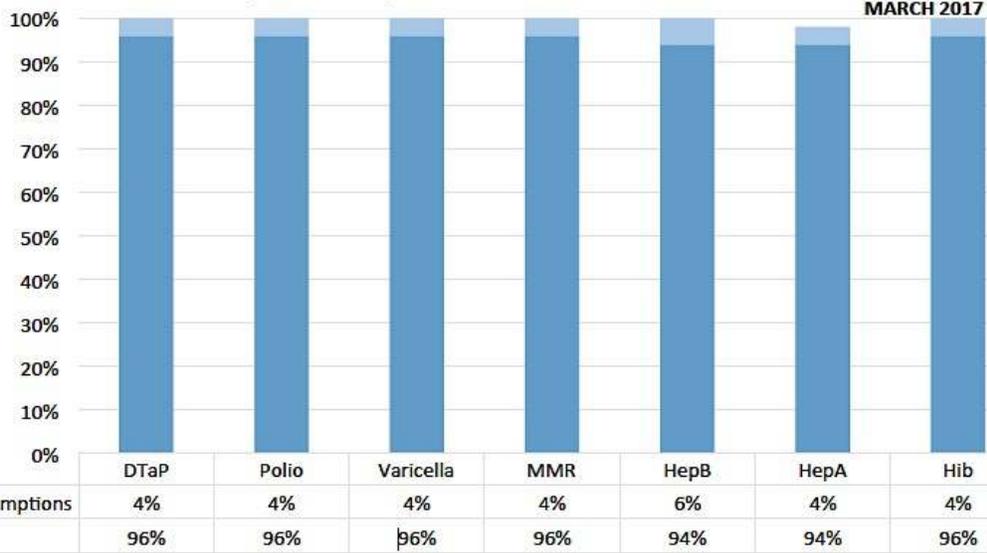

## School Supplies Work Search

Find and circle all of the school supplies that are hidden in the grid.  
The words may be hidden in any direction.
